Environmental Boxes & Racks!

WE'LL GIVE YOU THREE GOOD REASONS TO SWITCH FROM QUART-CASED OILS TO 6 GALLON ENVIRONMENTALLY PACKAGED BAG-IN-BOX OILS!

#1: WASTE REDUCTION: Reduction in plastic waste compared to plastic cased quarts of oils with 6 gallon bag-in-box packaging.

#2: INCREASED EFFICIENCY: Easier dispensing without bulk storage; no need to open and pour each and every quart & when combined with a rack system, dispensing becomes even easier with multiple motor oils all available from the same rack. The environmentally packaged plastic bag-in-box takes up much less storage space than comparable quart cases, allowing for a more diverse supply of motor oils.

#3: INCREASED PROFITS: Most bag-in-box products are cheaper than equal number of quarts-in-case, saving you money and putting more profit back in your pocket!

HYBRID BLADES

High quality hybrid performance at competitive prices.
Fits same applications as the beam blade and includes an adapter for Audi/VW applications.

- Multi-fit connector technology
- Molded natural rubber squeegee resists wear cause by weather conditions, or washer fluids and other elements
- Soft cover hybrid blade that offers the appearance of a beam blade
- Aerodynamic spoiler designed for smoother wipe at high speeds

WIPER BLADES

Rain-X Latitude®

Wiper Blade Product Features:

- Virtually streak-free visibility – in rain, sleet and snow
- Smooth, chatter-free wipe – as a result of the specially blended graphite coated rubber blade
- Enhanced flexibility & grip – from the durable, rubber-encased substructure
- Significant noise reduction & wind lift – through a built-in aerodynamic spoiler
- All weather tough – with a synthetic rubber squeegee that will withstand extreme weather conditions
- Prevents ice and snow build-up – through the elimination of exposed metal components
- Easy to install – pre-installed with small j-hook adapter & contains multi-adapter for side pin, large j-hook, bayonet, I&L & PTB wiper blade arms

LUCAS OIL

OCTANE BOOSTER

Enhance vehicle performance with the only octane booster that is tested and proven to deliver up to three times more octane boost than competing brands.

Higher octane means no knocking, pinging or detonation

Protect your engine while under extreme stress. Maximum life and performance from pumps, injectors and carburetors.

2-Cycle Oil

Clean burning "Smokeless"

Mixes well with gasolines at all temperatures

Meets requirements for "low smoke" oils

Low Ash

SPOTLIGHT

Diesel Anti-Gel

The weather is changing early this year. Be prepared for fall and winter temperatures with Lucas Cold Weather Diesel Treatment Anti-Gel. It is designed to prevent cold filter plugging in your diesel and bio-diesel vehicles.

This 64oz bottle contains REAL water dispersants to remove moisture from the whole fuel system. It prevents fuel gelling, contains no alcohol and will not void warranties.

Kooler Klean™ Transmission Cooler & Line Flush

#09-19001

LUBEGARD Kooler Klean Trans Flush uses a proprietary mix of detergents to safely clean transmission lines in automatic, CVT, DCT and manual transmissions. This product works without any water to remove grease, dirt, grime, and metal shavings that can clog up the lines. And it inhibits their return. Because of its unique solvent formulation, it will not degrade new automatic transmission fluid. The safest, most complete Transmission Cooler Line Flush available!

Automatic Transmission Fluid Protectant with LXE® Technology

#09-60902

LUBEGARD® Synthetic Automatic Transmission Fluid Protectant is engineered to raise the thermal and oxidative stability level of automatic transmission fluids, so when it operates at elevated temperatures, it does not thin out and pyrolyze, burn, or react with oxygen and form deposits.

Automatic Transmission Fluid Protectant with LXE® Technology

#09-61910

LUBEGARD® Highly Friction Modified (HFM) Automatic Transmission Supplement contains a concentrated additive package with additional friction modifiers that can be safely added to any ATF (except CVT, DCT, and Ford Type F [1986 and earlier models]) including full synthetic, semi-synthetic, and conventional fluids to eliminate severe torque converter lock-up shudder and soften harsh shifts.

DIESEL FUEL SUPPLEMENT +CETANE BOOST

A winterizer/antigel

Diesel Fuel Supplement +Cetane Boost prevents fuel gelling. Keeps fuel-filters from plugging with ice and wax.

Keep your diesel running smoothly all winter long.

DIESEL KLEEN +CETANE BOOST

A total injector cleaner and performance improver

Diesel Fuel Kleen + Cetane Boost cleans injectors, boosts cetane and lubricates fuel injection components.

#47-13012-09
9/12 OZ BOTTLES

DIESEL 911

A winter emergency use product.

The Winter Rescue Formula of Diesel 911 restores the flow of diesel fuel to an engine caused by gelled fuel or frozen

#47-8026-12
12/26 OZ. BOTTLES

Save 5% in Fuel

Meaner Power Kleener
Enhanced lubrication, water removal, injector cleaning, microbe prevention, emission reduction, fuel stabilization (for diesel and biodiesel), filter compatibility, and warranty safety benefits.

47-H103067-06

THE PREMIUM FUEL ADDITIVE COMPANY

TOTAL POWER

Ultimate Year 'Round premium additive

LIQUID MUSCLE

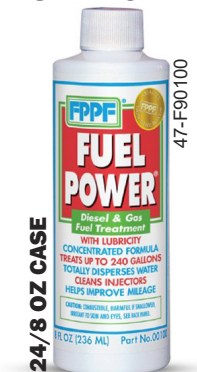

Cleans Injectors & Intake Valves
Reduces Emissions & Smoke
Treats Up to 750 gal.

MELT DOWN

Dissolves gelled fuel back into solution in approximately 20 minutes. Emergency fuel treatment only.

FUEL POWER

Treats up to 240 gal.
Totally Disperses Water
Cleans Injectors

Diesel Treat Conditioner Plus Anti-Gel

Prevents diesel fuel gelling, safely removes water, alcohol-free, boosts power and economy, cleans and lubricates injectors, eliminates smoking and rough idle, suitable for all diesel and biodiesel blends up to B-20.

6/64 OZ. ~ #47-H103060

Diesel Lifeline

Howes Diesel Lifeline tackles severe winter emergencies by quickly re-liquefying gelled fuel and de-icing frozen filters. It's unique, requiring no mixing or filter change, and effective down to -35°F.

PREMIUM COMBO SET #RW146155C

**AVAILABLE INDIVIDUALLY OR SAVE
WHEN PURCHASING A COMBO!**

R155 PRO 3D WHEEL BALANCER

Max tire width: 22"
Max wheel diameter: 30"
Max tire diameter: 44"
Voltage required: 110 volt
Cycle time: 6 seconds
Rotatio speed: <100
Assembly weight: 154 lbs

Features:

- Laser line positioning for weights
- 3D data entry with digital caliper
- Guided balancing procedure
- Auto start hood feature
- Auto stop on top / auto indexing
- Standard with passenger tire and light truck collet and cone kits

R146RP SWING ARM TIRE CHANGER

Max tire width: 15"
Max wheel diameter: 26"
Max tire diameter: 48"
Service Specialty and 19" rims*
*Optional equipment may be required
Rotation speed: 7.3 rpm
Max breaker opening: 15"
Voltage required: 110 volt
Air Supply: 115 - 145 psi

Features:

- Top quality at an entry-level price
- Extra-height speedchanger
- Top pressing, air-driven helper arm
- Hand controlled side bead breaker
- Plastic tool head standard
- Clamp protectors
- Tire paste lubricant and brush

GRACO 1" DIAPHRAGM PUMP #35-647016

1" Fluid Inlet/
Outlet - 1/2" Air
Fluids: Oil/Waste
Oil/Unleaded
Fuel,
Wash/Antifreeze

60 Qt. Preset Mechanical Meter

- Dispenses in Quarts - Totalizing in Gallons
- Preset 1 to 60 Quarts
- 1/2" pipe with automatic nozzle
- For motor oil, gear lube, ATF

#35-1520

BRAKE-MATE Brake Fluid Exchanger

- Select sequence for the desired flushing
- Pressure test
- Tank for new and used fluid
- Full 4-wheel flush
- No babysitting. all automatic

#41-BRAKEMATE

CPS AC System Exchange

- 7" Color touch screen control panel
- 50 lb. recovery tank
- Recovery rate = up to 1 lb./min.
- A/C systems capacity database included
- Printing of pressures before and after service

41-FX134A

C-VAC³ Coolant Service Machine

ONE MACHINE - MULTIPLE SERVICES!

- Drain & Fill, Inline Flush, Drain for Component Change, and Pressure Testing Services with ONE machine
- 2 separate 7-gallon new fluid tanks; 8-gallon waste fluid tank
- Automatic new & waste fluid tank shutoff with indicator
- Pressure/vacuum gage

#78-RADCVAC3

- FEATURES:**
- Cooler line and dipstick exchange modes
 - 24-quart new and waste fluid tanks
 - Exchange 4, 12, 16 or 20 quarts
 - Fully automatic operation
 - Large 2.5 gallon-per-minute pump performs faster exchanges

TSD450 ATF X-Changer w/Dipstick Mode

#41-TSD450

GRACO SD Series 1/2" X 50' Oil Reel #35-HPM65B 1/2" Inlet Male
